

President's Message

April 2016

The Redland City Chamber of Commerce has a simple mission: "To make Redlands the best place to do business in Queensland".

Economic activity is the lifeblood of our community. It is the services, the entertainment, the goods and the recreation which we all enjoy. A vibrant business sector is essential for a functional healthy community.

We need to increase the profile of business in Redlands. For too long, business has been ignored. Business is not to be dismissed or to be feared as some nasty force to be reckoned with. It is the mums and dads, brothers and sisters from our community who are giving it a go. They deserve our support.

We have so many exciting and innovative businesses in Redlands. Let's celebrate them and more importantly encourage and patronise them.

The Chamber is proud to facilitate the Redlands Business and Retail Awards "BAR" which is the premier business event in the city. Last year we had over 17,000 votes in the Retail Awards and over 750 persons attended the presentation dinner.

The awards give an opportunity to bench mark your business, recognise staff and increase your profile with customers and the general community. I encourage all businesses to participate. Details are available on our website.
