ARE YOU a leader of one of the following sectors?

You might be a currently in a role or emerging, we'd like to invite you to join our executive team or join a strategy team to enable the Chamber to be relevant and an integral part of a sustainable business ecosystem.

Our AGM is not until March 2019 however our planning starts now:

- Tourism (accommodation and food services)
- Construction
- Education and training
- High value-add services
- Health and Aged Care
- Manufacturing – Export potential or currently exporting
- Retail Trade – one of our City's largest employers
- Rural Enterprises – local and potential export

We have set our sights on planning for 2019 with a firm fix on our mission to promote growth and prosperity in the Redlands.

To be a part of our Redlands Coast success we are looking to build our relationships and membership with the major industry sectors.

We believe through teamwork, connection and collaboration within our business community we can produce much more for our local economy. Synergism can be applied in most businesses, what better way than to work with local businesses to grow our economy and create local jobs.

Lastly, congratulations to all the Business and Retail Award Finalists, we are truly proud of your achievements.
